Education

Khwaja Moinuddin Chishti Language University Nov. 2022 – June 2025
Bachelor of Technology in Computer Science and Engineering (AI & DS) *Lucknow, Uttar Pradesh*

Government Polytechnic Allapur Aug. 2018 – Dec. 2020
Diploma in Mechanical Engineering (Production) *Budaun, Uttar Pradesh*

Technical Skills

Programming & Querying: Python, SQL
Libraries: NumPy, Pandas, Matplotlib, Seaborn
Data Visualization Tools: MS Excel, Power BI
Analytical Abilities: Data Cleaning, Exploratory Data Analysis(EDA), Business Analysis, Data Analysis

Experience

Alpixn Technologies Pvt. Ltd. May 2025 – July 2025
Business Analyst Intern - Remote *Gurugram, Haryana*

- Collected, cleaned, and analyzed business data using Excel, SQL, and Python to identify trends and insights for e-commerce operations.
- Created interactive dashboards and visual reports using Power BI, enhancing stakeholder visibility into sales, customer behavior, and inventory performance.
- Collaborated with cross-functional teams to gather business requirements and convert them into actionable data solutions.

Integral University March 2024 – April 2024
Robotics Intern - Remote *Lucknow, Uttar Pradesh*

- Developed and implemented a predictive model for breast cancer diagnosis using machine learning techniques, enhancing diagnostic accuracy by 97-98%
- Utilized algorithms such as Random Forest, SVM, Neural Networks to build and optimize the prediction model.
- Conducted data preprocessing and feature engineering on medical datasets, ensuring high-quality input for model training.

Projects

Face Recognition Attendance System | *Python, OpenCV, Excel, Tkinter* May 2025

- The Face Recognition Attendance System using Python in VS Code provides a modern and efficient way to handle attendance management.
- High accuracy of 95% or above in face detection and recognition under normal conditions.
- Capture facial images of all authorized users and store them in the database.
- Capture facial images of all authorized users and store them in the database.

TrendTrack ECommerce Sales Dashboard | *Power BI, Excel* Dec. 2024

- Created interactive dashboard to track and analyze online sales data.
- Created connections, join new tables, calculations to manipulate data and enable user driven parameters for visualization.
- Used different types of customized visualization(bar chart, pie chart, donut chart, clustered bar chart, scatter chart, line chart, area chart, map, slicers, etc.

Certifications

Data Analytics and Visualization: Virtual practical task on DATA ANALYTICS AND VISUALIZATION from ACCENTURE(Forage).
Data Science: Virtual practical task on DATA SCIENCE from BRITISH AIRWAYS(Forage).

Additional Informations

Date of Birth: 06/07/2001
Languages: English & Hindi
